

ALLERGEN STATEMENT

Dear Valued Customer,

Giles Chemical guarantees that Magnesium Sulfate Heptahydrate does not contain any allergens as outlined in the Food Allergen Labeling and Consumer Protection Act. Magnesium Sulfate contains two raw materials, Sulfuric Acid and Magnesium Oxide, in which have no potential for contamination of allergens in our USP or Technical Grade Product due to the nature of our chemical process. Also, Epsom Salt is the only product produced in our facility, so there is also no potential for cross-contamination.
