

PQ Corporation
PRODUCT SPECIFICATION

PRODUCT NAME: Mag. Sulfate Solution - 20% -Tech. Grade AUTHOR: D. R. Evans REASON FOR CHANGE: Density Value at 40° C DATE EFFECTIVE: 3/28/98 REVISION: 2	SPECIFICATION NUMBER: 741 APPROVALS: DATE: PROD. MGR.: <i>M. Kovacs 5/15/98</i> Q.A.: <i>D.P. Evans 4/20/91</i> PLANT OPS.: <i>M. Linsley 5/22/98</i> PLANT MGR.: <i>Carl R. ... 5/8/98</i>
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

SCOPE: A 20% solution of Magnesium Sulfate

PRODUCT PROPERTIES	STANDARD	MAXIMUM	MINIMUM	PQAP TEST METHOD
MgSO ₄ , %	20.00	21.00	19.00	061
°Baume' @ 40° C	26.6	28.1	25.1	025

SAMPLING: Done on a process tank basis.

LOT SIZE: = 300,000 lbs.
