
	GILES CHEMICAL ~ PREMIER MAGNESIA		
	Company Procedure		
	Title: Repackaging Approved Chemical List	Number: M13-PR-100-041	
	Owner: Robert D. Willis	Revision: 0	
	Effective Date: 05/30/2013	Page: 1 of 3	

1.0 Purpose

Define which chemicals have been approved for availability on the production floor with the potential for interaction with product.

2.0 Scope

This procedure applies to the Repackaging facility.

3.0 Responsibility

Maintenance is responsible for maintaining a current list of chemicals used.
Quality Unit is responsible for approving new chemicals.

4.0 Safety Considerations

Contractors are required to follow all established safety requirements when working on company property.

Safety is a condition of employment. Employees are not authorized to work in an unsafe manner and are prohibited from harming the environment of the facility or community.
