4.0 Safety Considerations

Safety is a condition of employment. Employees are not authorized to work in an unsafe manner and are prohibited from harming the environment of the facility or community.

5.0 Materials/Equipment

N/A

6.0 Policy

Giles Chemical, a Division of Premier Magnesia, LLC is devoted to adhere to the legislative and regulatory guidelines for livestock feed and shall resolve to comply with the Safe Feed / Safe Food Program. The mission of the Safe Feed / Safe Food Certification Program is to establish and promote generally accepted food safety guidelines designed to ensure continuous improvement in the production of a safe and wholesome feed supply for the growth and care of animals.

The Safe Feed / Safe Food Certification Program is a voluntary, third-party-certified initiative designed for feed mills and feed- and ingredient-related facilities in the United States and Canada. The program establishes comprehensive standards of excellence that go beyond existing regulations to show leadership and maximize food and feed safety. Communicating food safety risks to the industry, continuing the education process and enhancing consumer confidence in the feed and food supply are all important aspects of the program.

The Safe Feed / Safe Food program requires annual self audits and biannual site audits by a Safe Feed / Safe Food auditor. Upon approval Giles Chemical will be certified and have the rights to display the Safe Feed / Safe Food logo on our feed products packaging.

In addition to Safe Feed / Safe Food guidelines, Giles Chemical will also meet or exceed the standards set fourth by the FDA, USP, and GMP regulating agencies.

7.0 Reference Documents

N/A

Controlled Document

Only those quality documents viewed through the Giles Chemical electronic Documentation System are officially controlled. All other copies, whether viewed through another computer program or a printed version, are not controlled and, therefore, the Quality Unit at Giles assumes no responsibility for accuracy of the document.
