OSHA's Form 300 (Rev. 01/2004)

## Log of Work-Related Injuries and Illnesses

days away from work, or medical treatment beyond first aid. You must also record significant work-related injunes and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injunes and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904. By through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help. You must record information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer,

**Attention:** This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.
