

GILES CHEMICAL							
COMPANY PROCEDURE							
Overhead Glass Policy			Page :	1 of 3	Revision Date	:	00 12/28/2009
Author:	Paul Teleki	Main Plant/Repack – General					
			Aware	ness			

Personnel Responsible:

All Production

Safety Equipment:

No special PPE is required.

Summary:

This Policy is written to define how to protect overhead glass lights in the areas where by falling could get in contact with finished product.

Policy

All over head glass lights will be protected to prevent product contamination in case the light bulbs break and fall.

All fluorescent lights will have straps to protect the lights from fall from the light fixtures.

All overhead high intensity lights will have the non-breakable light bulbs.

This policy applies to the entire Repack Area and the Main Plant Production Area and Warehouse.
