Title: Repackaging Daily Downtime Report Number: R13-FM-100-042

Owner: Monte Plott Revision: 02
Effective Date: 04/24/17 Page: 1 of 1

REPACKAGING DAILY DOWN TIME REPORT

PLEASE FILL IN	This is a Daily Log for the machine; this log is meant for documenting issues occurring on the machine during a shift							
Date:	For example, if scales were one of the top three issues, please note this on the appropriate line (and you should be scanning appropriately in Vorne) and explain what happened with the scales, what work has been attempted on the scales and how they were working at the change of shift							
Lot #:	If there were no issues, the Notes for the Day section still needs to be filled out with any sort of communication helpful to the on-coming crewexample, "will be finishing up Product X an hour into the next shiftexpect a changeover"							
Line#:								
Operator:								
Process/Mechanical Issues	Daily Issues (if no issues, use N/A)							
Gripper Arms								
Combi								
Scales								
Seal bars/pouch seals								
obal bare, podeli obale								
Date Coder								
Labeler								
Other								
Notes for the Day: (anything	that needs to be communicated to the on-coming shift about the machine or product)							
, , , ,								

(Please use the back of this document if more space is needed for further documentation)
